

## Annual Students' Seminar (2022)

The Annual Students' Seminar of the Department of Economics was held on 6<sup>th</sup> May, 2022, at the Seminar Room after a gap of two years due to the Covid-19 pandemic. This is an annual feature of the college where the students get a platform to speak on various topics from the curriculum decided by the faculty members. It helps the students to learn assimilating knowledge from various text and reference books, software techniques and presentations before an audience. Prizes are awarded to the first three speakers as a token of appreciation and encouragement.
