

Department of Economics

Parent Teacher Meeting (PTM) of Sem 1 2025

A PTM of Semester 1 (Eco Major) students was held on 1st February, 2025. The teachers of the department talked to the parents of each student separately. The teachers shared their views and observations on the class performances of the students to their parents whereas the parents also shared their views by filling up a feedback form provided by the department. It was a very fruitful attempt on the part of the department to communicate with every parent of their students in order to guide the students for a better future in every aspect of life. The students get an opportunity to discuss their various problems both academic and non-academic, leading to improved academic and social-emotional well-being for students. These meetings provide a platform for sharing insights into a student's progress, addressing concerns and developing a shared understanding of the student's needs, ultimately fostering a more supportive and effective learning environment.

The department of Economics considers it to be one of their best practices that greatly benefit the students coming from various socio-economic backgrounds.
