

Report on museum visit to Raja Rammohun Roy Memorial Library on 14th January 2025 by the students of Semester 1 & 3

The Political Science Major students of Semester 1 and 3 went for a museum visit to Raja Rammohun Roy Memorial Library on 14th January 2025 to understand how the Father of Modern India campaigned against sati, caste system and polygamy throughout his life by providing them access to his writings and murals which depict important milestones he achieved as a social reformer.

This is the first of museum visits that the Department has planned for students to get a glimpse into the lives of eminent national figures whose homes have been converted to museums to enlighten citizens about their contribution to building modern India.

Apart from being a vital part of their syllabus, learning about the personal life and contributions of great leaders will provide students an opportunity of experiential learning supplementing the readings and discussions in class.
