

**Department of History**  
**Annual Students' Seminar**  
**10.6.2025**

Department of History in collaboration with IQAC organised the Annual Students' Seminar on 10.6.2025 in online mode. The theme of this year's students' seminar was **'Preserving Our Past: Tangible & Intangible Heritage in India'**. Nine students from three semesters took part in the students' seminar. This year's theme celebrated the rich heritage of India through diverse topics that define our country and its heritage.

Students spoke on indigenous culinary culture like bakarkhani and street food, indigenous art forms like dokra art, performance art like chou or the rich musical traditions that have been carefully passed on by different musical gharanas. The theme also covered the colonial heritage passed on to us like the colonial buildings we see in Kolkata, the excavation site at Moghalmari, a heritage site of an ancient Buddhist Vihar. The students spoke on sacred Indian festivals like kumbha mela and emphasised on the need to preserve our environment, through a study of Kolkata's Botanical Garden. The scholarly and thoughtful deliberations by the students ensured the success of this year's students' seminar.

While all papers presented on different themes were worthy of praise, some of the students received special recognition.

First Prize was awarded jointly to Abhik Mukhopadhyay and Srija Bagui of semester -6

Second prize was awarded jointly to Samiran Das and Sayantani Paul from semester -2

Third prize went to Arinjita Roy from semester-6
