

Observance of International Day of Human Fraternity

18.2.2026

Students of the Department of History along with students from other Departments of St. Paul's Cathedral Mission College took part in a walk entitled, 'Beyond Park Street,' on 18.2.2026.

The walk was organised jointly by St. Paul's Cathedral Mission College and Know Your Neighbour to observe **International Day of Human Fraternity** organised each year by the United Nations. The walk was organised to uphold the idea that we belong to one human family, diverse in culture and belief and it is our commitment to live together peacefully, protect the rights and dignity of every person as citizens of a global world.
