

Department of History
Annual Students' Seminar
11.03.2026

The Annual Students' Seminar of the Department of History was held on 11th March 2026, in collaboration with IQAC, in Room 2 of St. Paul's Cathedral Mission College. The theme of this year's Students' Seminar was 'Ancient Civilisations.' Seven students, from three semesters, participated in the seminar, sharing their study of different civilisations across the world. They spoke on Cycladic Civilisation of Greece, Kush Empire of Egypt, the Mayan Civilisation of Mexico, the Mesopotamian civilisation, Mehrgarh civilisation, the Harappan site of Dholavira and finally the period known as Second urbanisation of the 6th century BCE India. The visual presentation of the different civilisations through PPTs and lectures was an enriching experience for all students and teachers present in the audience.

Although all the students worked hard with their presentations some received special acknowledgement.

First Position – Adi Marick (Semester 6)

Second Position – Arghyadeep Ghosh & Tamisha Majumdar (Semester 6)

Third Position- Rahul Majumdar. (Semester 6)

Outcome

Like every year, the objective of organising students' seminar has been to encourage student to acquire in-depth knowledge on a specific topic, enhance research and presentation skills, and foster interactive learning beyond the traditional classroom setting. The fact that these seminars are taken seriously by the students who participate in the event, proves beyond doubt, that they appreciate fully the importance of critical thinking and learning beyond the known paradigms of the university syllabus.
